ENTERPRISE & BUSINESS MANAGEMENT

Tectum Verlag Okt 2017, 2017. Taschenbuch. Condition: Neu. Neuware - Organizations have always been dependent on communication, information, technology and their management. The development of information technology has sped up the importance of management information systems, which is an emerging discipline combining various aspects of informatics, information technology, and business management. Understanding the impact of information on today's organizations requires technological and managerial views, which are both offered by management information systems. Business management is not only about generating greater...
